

## Addendum | no. 2

date issued: 1/21/2025

Project: **Ford River Township Park: Hardscape**

Bid opening date: **1/23/2025 at 4:15PM**

### Bid Questions:

**Q:** Is this a prevailing wage job? **A:** No.

**Q:** How much excavation and backfilling is part of this bid? Is it just the sidewalk, seat wall, picnic area, and the draintile? **A:** Yes, sidewalk, draintile behind seatwall and picnic area.

**Q:** Do you have any information on the striping? Is it just paint or something else (sticker)? **A:** The ADA parking lot striping will be completed by the owner, but we are looking for the mini-streetscape striping on the concrete pathway. This would be just paint in a yellow dashed pattern with a crosswalk at the gated entry as shown on site plans.

**Q:** Could you clarify if/where any concrete is to be installed? **A:** The 6' wide pathway is proposed as concrete with an Alternate Bid Item (ALT-1) request for compacted 3/8" minus aggregate surfacing. The raised picnic area is proposed as compacted 3/8" minus aggregate.

**Q:** Is the contractor for this bid responsible for any landscape edging/borders between the new surfaces and any landscape or play areas? **A:** The concrete pathway is to serve as the edge at the planting/play area surfacing as well as the seat wall.

**Q:** Is there an updated planholders list available? **A:** An updated list has been uploaded to the Ford River Township site here: <https://www.fordriver.org/>
